2) TECHNICAL DESCRIPTION

A. Consistency of the project with ONFOODS

[Max 10000 characters including spaces]

A.1) Consistency of the project with the thematic research areas of both ONFOODS and the relevant Spoke

A.2) Climate tagging

Describe how the project ensures that the climate contribution of the investment as per the methodology in Annex VI of the Regulation (EU) 2021/241 accounts for at least 42% of the total cost of the investment supported by the RRF.

This is to be included both in the work plan and in the budget breakdown.

B. Objectives and innovation potential

[Max 20000 characters including spaces]

B.1) State of the art and objectives

- 🕒 Describe the current situation, not only from the scientific perspective, but also in terms of innovative technologies and models available.*
- 🕒 Refer to the need/motivation for the suggested project and describe the knowledge gap.*
- 🕒 Explain how your novel project provides a solution to these needs.*
- 🕒 Describe the objectives of your proposed work using SMART criteria (specific, measurable, attainable, relevant and time-bound).*
- 🕒 Describe and explain the overall methodology, including the concepts, models and assumptions that underpin your work.*

Explain how this will enable you to deliver your project's objectives.

Describe how appropriate open science practices are implemented as an integral part of the proposed methodology.

Include how the project methodology complies with the 'do no significant harm' principle as per Article 17 of Regulation (EU) No 2020/852.

B.3) Innovation potential

Describe how your project goes beyond the state-of-the-art, and the extent the proposed work is ambitious. Indicate any exceptional ground-breaking R&I, novel concepts and approaches, new products, services or business and organisational models. Where relevant, illustrate the advance by referring to products and services already available on the market. Refer to any patent or publication search carried out.

C. Implementation

C.1) Work Plan and resources

Please provide a brief presentation of the overall structure of the work plan.

C.2) Work package description

[Max 1 page per WP]

For each workpackage:

Work Package n.	Start month: MXX	End month: MXX
Title: Management and reporting [mandatory]		
Work Package Leader:		
Objectives:		
Description of work (where appropriate, broken down into tasks), lead partner and role of participants.		

C.3) List of Deliverables

Number	Deliverable name	Short description	Work package number	Lead Participant	Delivery date (in month)

C.4) List of Milestones

Milestone number	Milestone name	Related work package(s)	Due date (in month)	Means of verification

C.5) Timing of the different work packages and their components (Gantt chart or similar)

C.6) Critical risks for implementation

Description of risk (indicate level of (i) likelihood, and (ii) severity: Low/Medium/High)	Work package(s) involved	Proposed risk-mitigation measures

C.7) Detailed costs justification

Please complete the table below for each participant

	Cost (€)	Justification
Personnel <i>(Personale)</i>		
Goods, equipment and licences <i>(Materiali, attrezzature e licenze)</i>		
Services <i>(Servizi di consulenza specialistica)</i>		
Other costs <i>(Altre tipologie di spesa)</i>		
Total		

D) Expected results and impact

[Max 10000 characters including spaces]

- 🕒 Describe the project's expected results.
- 🕒 Describe the project's expected impacts (scientific, economic/technological and societal)
- 🕒 Identify indicators to measure the project impact and results.
